

Year 1 KIRF Spring 1

Key instant recall facts (KIRFS) are designed to support the development of key arithmetic skills which underpin much of the maths learning at school. Supporting your child(ren) in learning these facts and being able to recall them quickly will help enormously with progression in maths.

Recall all number bonds of 20

$$1 + 19$$

$$2 + 18$$

$$3 + 17$$

$$4 + 16$$

$$5 + 15$$

$$6 + 14$$

$$7 + 13$$

$$8 + 12$$

$$9 + 11$$

$$10 + 10$$

Ways you could help your children to learn these:

- Set up a shop to play with, where prices add up to 20p.
- Write the numbers onto post-it notes and play 'Pairs.'
- Say one number, your child can read (or recall) the paired number it matches to.
- Say the number facts aloud, as you walk or march!
- Your child could write them down and illustrate them with the correct number of pictures.

In addition, you can help by practicing the following:

Recall at number bonds to 10.	Recall all doubles and halves to 10.
