

Year 5 KIRF Summer 1

Key instant recall facts (KIRFS) are designed to support the development of key arithmetic skills which underpin much of the maths learning at school. Supporting your child(ren) in learning these facts and being able to recall them quickly will help enormously with progression in maths.

Ways you could help your child to learn these:

Recall formula:

Perimeter of rectangle = $L + W + L + W$ or $L \times 2 + W \times 2$

Area of rectangle = $L \times W$

Quick recall= you say the equals, children repeat the formula needed

Application to real life objects (rectangles) at home

Create their own songs/ chants to remember
